Dear HR Team,

I am submitting herewith my resume for your consideration for the post of Technical Lead in your organization.

I possess 11.6 **years** of extensive experience in **Core Dot Net Technology** and 1.8 year of experience in **Microsoft Dynamics CRM Technology** including analyzing client requirement, designing, coding, unit testing and support maintenance for projects/applications.

Microsoft certifications :
- ➢ MVC Certification (70-486)
- ➢ MS Dynamic CRM Application(MB2-704)

This role requires me to develop software solutions, understand process requirements, providing use cases for business, functional & technical requirements, participating in end- to-end Software Development Life cycle (SDLC), managing large projects, mapping client's requirements, reviewing the functional requirement documents, conducting functional tests & analysis of reported defects and so on

While my resume is attached for your perusal, a list of accomplishments indicative of my experience includes:

- Extensive experience of working on technologies like **.Net Core , Microservices, PostgresSQL, WebAPI, WCF, Git, ASP.Net, HTML, CSS, JavaScript, JQuery, WCF, Entity Framework, Echo Sign, Crystal Report, RDLC Report, SQL Server-2005/2008/2012** and so on
- Expertise in all phases of Software Development Life Cycle (SDLC) including requirement analysis, design, development, implementation, delivery and troubleshooting.
- Including 1 Years 8 Months experience on Advanced MS technologies like(**Microsoft Dynamic CRM, MVC, JavaScript, Jquery, Css, Ajax, Json and starter for Angular JS with MVC flavor etc.**)
- Hands-on experience in Project Planning Coordination/Client Interaction.

I am looking for an opportunity to synergize my skills with the requirements of your organization. I am submitting my detailed resume for your kind consideration.
I look forward to meet you in person to prove my credentials.

Thanking you,
